Signature: R Subhaw

Date: July 21, 2005

July 21, 2005

Mail Stop: PETITION
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

**PETITION FOR WITHDRAWAL OF HOLDING OF ABANDONMENT
PURSUANT TO 37 CFR 1.181**

To the Commissioner for Patents:

The Applicant recently learned through a telephone call from the Examiner that an Office Action dated December 29, 2004 was issued for the above-referenced application. A Notice of Abandonment dated July 19, 2005 was issued for this application (the applicant has not yet received the notice of abandonment). The applicant did not receive the Office Action dated December 29, 2004. Thus, the applicant hereby petitions the Commissioner to withdraw the holding of abandonment of the current application and to re-issue the Office Action originally dated December 29, 2004.

In support of this petition, Applicant is enclosing herewith a print-out of its docket records for this file. As can be seen from this print-out there was no docketing of any action mailed on December 29, 2004, which would have had a three-month response date of March 29, 2005 and a six-month response date of June 29, 2005.

Applicant is also enclosing a print-outs of the docket record for its attorney from March 19, 2005 to April 8, 2005 (the period ten days prior to the three-month response date to ten days after the three-month response date) and from June 19, 2005 to July 9, 2005 (the period from ten days prior to the six-month response date to ten days after the six-month response date) to show all responses due by Applicant's attorneys' firm on and around the three month due date of March 29, 2005 and the six-month due date of June 29, 2005. It is noted that these docket records indicate that the Office Action dated December 29, 2004 for the above-referenced application was not received.

Applicant is also enclosing a copy of the cover of its file jacket for this application, which reflects the docketing for this application. Had the Office Action of December 29, 2004 been received by the Applicant, the docketing records on the Applicant's file jacket would reflect docketing for a response due three months from the mailing date of the Office Action (namely, March 29, 2005) and six months from the mailing date of the Office Action (namely June 29, 2005). As can be seen, no such docketing was done for this application.

Also enclosed herewith is a statement by Applicant's undersigned attorney in support of the current petition.

In view of the foregoing, it is respectfully requested that the current application be reinstated and the Office Action originally mailed on December 29, 2004 be re-issued and the response time for such Office Action re-set.

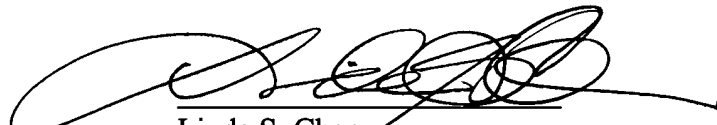

It is believed that no fee is due with this petition. However, if any fees are due with this paper, the Commissioner is hereby authorized to charge such fees to Deposit Account No. 50-1290.

Request for Change of Correspondence Information

Enclosed herewith is a request for a change in the correspondence information for this application to associate the application with Customer Number 26304. It is noted that although the correspondence address for the current application is correct, it is not associated with the applicant's attorney's customer number.

Please direct any inquiries regarding this petition to the Applicant's undersigned attorney, who may be reached directly by telephone at (212)940-8712.

Respectfully submitted,

Linda S. Chan

**STATEMENT IN SUPPORT OF PETITION FOR WITHDRAWAL
OF HOLDING OF ABANDONMENT**

I, Linda S. Chan (Reg. No. 42,400) declare that:

1. I am the Applicant's attorney for the above-referenced patent application.
2. The enclosed docket records show all actions docketed for the above-referenced application and all responses docketed as due by our firm in the time periods from March 19, 2005 to April 8, 2005 (the period ten days prior to the three-month response date to ten days after the three-month response date) and from June 19, 2005 to July 9, 2005 (the period from ten days prior to the six-month response date to ten days after the six-month response date).

3. I searched our office's file jacket for this application and the docket records for our firm (as reflected in the enclosed print-outs) and the file jacket and docket records indicate that the Office Action mailed on December 29, 2004 was not received by our firm.
4. I further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Date: July 20, 2005
